HIGHLY ANTICIPATED STEPHEN K. BANNON DOCUMENTARY TO PREMIERE AT RNC  
*WarRoom Films*, a subsidiary of Stephen K. Bannon's *WarRoom* program, to release its first epic  
documentary *Government Gangsters*, based on the bestseller by Kash Patel

**Washington, DC** – *Government Gangsters*, the highly-anticipated maiden documentary release  
from *WarRoom Films*, will premiere at the Miller High Life Theater at the RNC on July 18, 2024,  
at 3:00 pm, just prior to remarks by President Donald J. Trump.

*Government Gangsters* hails from the creators of *Clinton Cash*, the hugely influential  
documentary released in the lead up to the 2016 election. Like *Clinton Cash*, *Government  
Gangsters* exposes the chicanery and malfeasance of deep state operators inside government  
offices, along with their allies in the press, who fabricate scandals, with little to no actual basis  
in reality.

*Government Gangsters* brilliantly exposes the investigators behind numerous debunked  
scandals surrounding Trump's presidency, beginning during his 2016 campaign and extending to  
the present day.

*Government Gangsters*, produced by Stephen K. Bannon, Kash Patel, and Dan Fleurette is an  
essential companion piece to Kash Patel's book of the same name. The film exposes the  
nefarious workings of a cabal of unprincipled operatives who leveraged their power, influence,  
and network of cronies to fabricate and amplify false events aimed at undermining Donald J.  
Trump. These scandals, all thoroughly debunked, are succinctly illuminated for the world to see.

From *Russiagate* to *Impeachments I and II*, to Hunter Biden's laptop and beyond, *Government  
Gangsters* is a must-see film that will forever alter your perspective on government.

Steve Bannon says, "Government Gangsters is one of the best films I've ever been  
associated with. You do not want to miss this film. This is the type of movie that can change  
this election. By sharing this with your family and friends, you can make a  
difference. This could result in a two-to-five-point swing in the polls on  
November 5<sup>th</sup>.

Says Kash Patel, "I am incredibly proud to be part of this remarkable documentary. Thanks  
to this unbelievable team, we have successfully articulated and condensed a series of  
often confusing and overlapping narratives into a cohesive and easy to follow exposition of  
the deep state and their operations."

Producer Dan Fleurette, a long time writing and producing partner with Steve Bannon said,  
"Of all the films Steve and I have worked on together, this might just be our finest

achievement yet. This film is powerful, insightful, and oftentimes infuriating. I expect that it will have the same impact on the 2024 election as *Clinton Cash* did in 2016.”

“Additionally, I am proud to dedicate this film

Without his vision and unceasing support and insights, this film would not have been possible.”

“The objective of this film”, says director M. A. Taylor, “is to shed light on the undue influence wielded by unelected bureaucrats within our government, who all too often use their power for nefarious ends. This type of power was never envisioned by our Founding Fathers, who warned us time and again about the greed and lust for power by unscrupulous individuals. *Government Gangsters* highlights the critical need for voters to restore accountability to governmental institutions.”
